EXPERIENCE THAT DELIVERS

From working the gateline to Regional Organiser, I know working life on London Transport because I spent 27 years doing it. ✓

As Relief Regional Organiser, I've already been representing London Transport members and negotiating with some of the biggest employers and contractors ✓

MY RECORD

PAY

Negotiated significant pay improvements, including RPI and above-inflation settlements.

TERMS & CONDITIONS

Negotiated and secured multiple collective bargaining agreements, giving workers stronger collective rights at work.

JOB SECURITY

Fought redundancies and defended members when their jobs and livelihoods were threatened.

OUTSOURCED WORKERS

Organising outsourced workers often treated as second class. Pushed for recognition, better pay, sick pay and stronger conditions.

REPRESENTATION

Decades representing members through disciplinaries, grievances, appeals and negotiations.

INSOURCING

Keep building the industrial case for bringing outsourced workers back in-house on decent terms and conditions.

EQUALITY THROUGH ORGANISING

No worker should be divided by race, sex, disability, sexuality, grade or employer.
Our strength comes from organising together. ✓

**Proven experience you can trust.
Experience that YOU can rely on.**

ORGANISE.

NEGOTIATE.

WIN.
